

Front Desk

Description	Version	Ref #	Opt#
<p>Average Rate in Quick Availability Chart When reserving step inventory, using the “Rate For” field, the toggle for Total/ Average and First Day will calculate based on the date indicated in the “Rate For” field.</p>	5.2.134	128009	
<p>Dynamic Package with Spa Services A fix has been made when utilizing Auto Create Group Member feature with dynamic packages to not duplicate Spa Services for Sharer reservations when Spa Services are associated with the dynamic package components and the rate type is Per Person.</p>	5.2.135	123942	
<p>Un-cancelling a Reservation with Dynamic Package Rate When un-cancelling a reservation with a Dynamic Package Rate Type, the package components that are configured to be “Force” will be booked correctly.</p>	5.2.135	125868	
<p>Crystal Confirmation Letter displays and calculates the Number of Other Charges with Dynamic Package Rates A fix has been made to the calculation of Other Charges when there are multiple dynamic package rates booked for the same days, with multiple rates. The quantities for the other charges will total together.</p>	5.2.135	131674	
<p>Post Stay Email for Same Day Departure for Multi Property Post Stay email for same day check in / out or early departure will look to the booking assignment chart charge records for the correct property Email Template to use.</p>	5.2.135	132390	
<p>Room Type Not Available Text When a room type is not available for the entire stay, the dialog box will now read ‘Room Type Not Available for the Entire Stay’.</p>	5.2.137	102833	
<p>Global Posting Code Breakdown A fix was made to the Global Posting Code Breakdown program to correctly balance the breakdown of revenues with the total on the Manager’s Operations Report. When a Global Posting Code breakdown is setup with more than one posting code to distribute the transactions, stat file was updating only with last posting code setup in the Global Posting Code Breakdown. This created an in balance between actual total revenue of the posting code and the total reported on the Manager’s Operations Report. This issue now has been resolved.</p>	5.2.137	108987	
<p>New - Indicating Third Party Activities on the Guest Reservations Screen Two new fields were added to the Guest Reservations screen to display the total number of activities booked and the total number of unconfirmed activities. Drilling down on the total (TTL) field will take the user into the Rapid Activities Bookings screen and drilling down on the total unconfirmed field (UNCF) will take the user into the Activities Processing screen.</p>	5.2.137	88004	
<p>Creating Group Reservation from Front Desk Dashboard Will now default to the same group status (if group status codes are configured) as it does when creating a group from the Group Reservation Screen.</p>	5.2.137	99110	
<p>Drilling Down on the Field next to Send Confirm in Guest Reservations Screen Drilling down (F5) into the field next to Send Confirm within the Guest Reservation screen will take the user to the Email Message screen when an email has been sent to the guest.</p>	5.2.137	127127	
<p>New – Added Status Selection and Display Totals to Activities Processing Screen Added quantity and status code filters for 3rd Party Activity display in the Activities Processing screen.</p>	5.2.137	130250	
<p>Displaying VAT on Folio Print</p>	5.2.137	133356	

Ensured to print the VAT details on the folio all the times.

Front Desk & Guest Services Reporting

Description	Version	Ref #	Opt#
New – For Multi Property Printing Offmarket Report for All Properties Added the ability to select the ZZZZZ Global Property when printing the Offmarket Report if the Global System Option 271 is set to N. If the global property is chosen, only offmarket rooms for properties to which the clerk has access are included in the report.	5.2.137	126058	271

Timeshare/Condo Management

Description	Version	Ref #	Opt#
Owner Check Report Ensured to include all the Owners in the Owner Check Report. Some Owners with zero balance were not being included.	5.2.135	132339	
Owner Unit Calendar Intervals The Start Date and End Date within Owner Unit Calendar Intervals for Timeshare Owner were off by one day when displaying on the Room Space Chart. This issue has been resolved to show the correct dates.	5.2.137	133952	

Spa Services

Description	Version	Ref #	Opt#
NEW – Spa Booking Member Search by Name From within a spa booking, when doing an F8 Member Look up, the Member Look up screen allows for F3 search for Member Profiles.	5.2.134	126295	
Spa & Activities Shift Report When running the Shift report in the Spa & Activities module, there is now the ability to use F8/Lookup in the Record Type and Profit Center fields.	5.2.137	134704	

Facilities Management

Description	Version	Ref #	Opt#
Rebuild Button on Weekly Schedule If deleting a line of inventory with Bookings (Y), the user is able to delete the scheduled time so no new bookings can be made then REBUILD the schedule to still accommodate those reservations already booked.	5.2.137	133367	

Retail Point of Sale

Description	Version	Ref #	Opt#
NEW – For Konami Interface - Redeeming Konami Vouchers Added ability to query and redeem Konami vouchers in Retail POS & Spa module in the payment screen.	5.2.137	128589	

Sales & Catering

Description	Version	Ref #	Opt#
Decision Date & Contract Due Date on a Duplicated Booking When a booking is duplicated the Decision Date and Contract Due Date is now calculated correctly based on the database setup instead of copying the dates from the original booking.	5.2.137	131376
